WHO WE ARE

Enrichment Services
Program, Inc., the only
Community Action

Agency (CAA)* in Muscogee County, was established in
1965 as part of a nationwide network.

OUR VISION

Eliminate Systemic Poverty

OUR MISSION

**Eliminate Poverty Through
Education, Services and Partnerships**

ESP is committed to increasing the awareness of the
impact of poverty and implementing strategies
for reducing it. We identify and remove
barriers to achieve family stability and promote
interdependency. Turning hope into reality,
ESP motivates residents toward a desirable
future and encourages them to become a
healthy contributor to the life of
our community.

** Community Action Agencies' sole purpose is to reduce the
cause and conditions of poverty.*

OUR SERVICES

Early Head Start (EHS) – EHS promotes
healthy prenatal outcomes, enhances the
development of infants and toddlers, and
promotes healthy family functioning.

Head Start (HS) – HS is a national school
readiness program. It provides comprehensive
education, health, nutrition and parent involvement
services to children, ages 3 to 5 and their families.

Energy Assistance

The Low Income Home Energy Assistance Program
(LIHEAP) helps households with low-income pay their
home heating bills.

Commodities

Enrichment Services Program, Inc. partners with Feeding
the Valley to implement this food distribution program
that provides a food package to participants once a
month. The food package is designed to improve the
health of recipients by supplementing their diets with
nutritious USDA commodity foods that are
designed to provide protein, calcium, iron and
vitamins A and C.

Nurse Aide Training

This program provides a scholarship for
participants to receive classroom instruction
and clinical activities which prepare an individual to
become a CNA (Certified Nurse Aide) in a short
period of time.

Case Management focused on Family Self Sufficiency

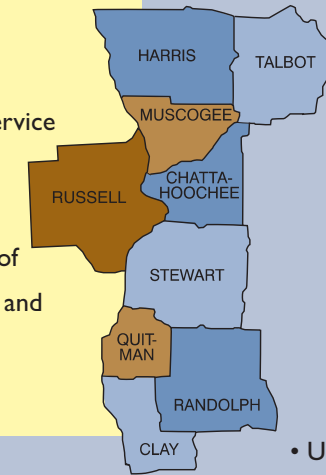

Case management focused on family self
sufficiency is funded by the Community Service
Block Grant (CSBG). CSBG is an anti-
poverty reduction program that was
created to promote and provide an array of
services and activities to encourage self sufficiency and
to make permanent improvements in the lives of
families and individuals with low income.

VISION FOR INDIVIDUALS

All individuals and families in the Chattahoochee Valley
Region have a voice, are valuable community
contributors and have the resources needed to be
healthy and self-sufficient.

VISION FOR THE COMMUNITY

Communities in the Chattahoochee Valley Region are
